Re: Roebic K- 67 (Bacterial Drain & Trap Cleaner) and Roebic K-97 (Main Line Cleaner)

Dear Mr. Lawler:

This letter is to acknowledge receipt of the additional information concerning the products Roebic K- 67 (Bacterial Drain & Trap Cleaner) and Roebic K-97 (Main Line Cleaner). No product sold in the state for use in onsite sewage treatment and disposal systems may contain any substance in concentrations or amounts that would interfere with or prevent the successful operation of such system, or that would cause discharges from such systems to violate applicable water quality standards, section 381.0065(4)(m), Florida Statutes.

The staff has reviewed the information provided in the MSDS, 96-hr LC₅₀ toxicity test results, and laboratory results on volatile organic compounds for the product. The department has determined that the products, **Roebic K- 67 Bacterial Drain & Trap Cleaner and Roebic K-97 Main Line Cleaner**, are in compliance with s. 381.0065(4)(m), F.S. and has no objection to the use of the products in accordance with manufacturer's specifications. Please be advised that all rules pertaining to the use of the products shall be observed and that there shall be no advertising of the products as state approved.

Be advised that the department is not a testing agency and that this determination reflects only a review of the information submitted by you for compliance with Florida Statutes and Florida Administrative Code. The product evaluation does not investigate the validity of performance claims by manufacturers. For this reason, departmental acceptance must not be interpreted as certifying effectiveness, endorsing or recommending use of an additive. The Florida Department of Health also does not assume liability for any promise, guarantee or expectation from purchasing or using an additive. The department reserves the right to withdraw acceptance if product formulation or ingredients are modified after product evaluation by the department or subsequently found not to be in compliance with rule.

This letter of product compliance is limited to Department of Health jurisdictional circumstances as defined in Chapter 64E-6, Florida Administrative Code and Chapter 381.0065, Florida Statutes.

Sincerely,

Gerald R. Briggs, Chief
Bureau of Onsite Sewage Programs

Division of Environmental Health, Bureau of Onsite Sewage Programs
4052 Bald Cypress Way, Bin #A08, Tallahassee, Florida 32399-1713

ROEBIC®**K-67****PREVENTIVE CARE**

- Cleans garbage disposals

AFTER

For a healthy
plumbing system
call Dr. Roebic!

Net wt. 40 oz. (2.5 lbs.) / 1.134 kg

ROEBIC®**K-67**

Bacterial Drain & Trap Cleaner

ROEBIC K-67 Bacterial Drain and Trap Cleaner is a non-caustic bacterial-enzyme product that does its work through bacterial action. Applied monthly, **K-67** keeps pipes and traps flowing freely. Use as needed to reopen slow and sluggish drains. Unlike ordinary drain cleaners, **K-67** will not harm the natural bacteria in cesspools and septic tanks. It is non-corrosive and will not damage pipes or burn skin. Safe for toilets.

DIRECTIONS

SINK, TUBS, or SHOWER DRAINS: Mix two level capfuls into 12 oz WARM water until all the white powder has dissolved. Pour into drain and allow to stand overnight (6-8 hours).

TOILETS: Dissolve 2-3 tablespoons of K-67 into 1 gallon WARM water and flush. Do not use for 6-8 hours.

GARBAGE DISPOSALS: Mix four level CAPFULS into 16oz. WARM water. While pouring into disposal, turn on and off once. Let stand overnight, rinse with warm water in morning.

Non-Flammable**CAUTION:** Harmful if taken internally.

Keep out of reach of children
